In passing glances
Take that look up off your pretty face
An evening
A quiet strange encounter
I hope you think about her until the daylight breaks

Happy new year
We've made our resolutions and sentiments to last us
while were here
Happy new year
You will always bring this on yourself

In meeting...
Remember these completions
Sentences, phrases, meanings
Too close to,
Too close to my...
You said all the obvious things but that.
You speak so sincerely about it

I hope you find it in you to remain civil
Beautiful but bandaged and your scared but sterilized
When your eyes fall from here,
You will see everything
