Don't call the authorities oh no  
They won't believe a word you say  
It's an alibi on a blank sheet of paper  
You keep turning and turning it over to the next page  
But those eyes those pale blue and white wyes  
that woke me up in the middle of the night  
Spun me around and around and around in my room  
So why should I feel sympathy for you

Hey kids rock and roll  
before the devil comes to take your soul tonight  
Whoa oh, whoa oh, oh oh oh  
Hey kids rock and roll you can stay young  
and you'll never grow old and die  
Whoa oh, whoa oh, oh oh oh

Now I can't even walk down the street  
What if people looked at you  
the way they're looking at me  
It's like I'm caught in a dream sequence  
It's been cut up, looped, and now its stuck on repeat

Oh no this is what I was afraid of  
I let him in and he got to the ones I love  
Tell everyone that you know  
This is how it feels to lose control

Well I hope that I'm wrong but I know  
that only rock and roll can save us now
