[Tyler the Creator:]

I was taught to act my shoe-size, never my age
I always judge a book by the cover, never the page
I never judge a murder by weapons, only the rage
That he felt when he dealt with physiological phase
They say that I never cease to amaze
While half my mental belongs in a cage
The ape is a beast, tranquilize that bitch
If you niggas selling dope then you selling my shit
Selling my assets, I'm so damn illegal that I need to be
arrest
But then they'll get my mom for 18 years of possession
She showed me affection like a drug dealer using her
pocket for my
Protection

[Hook:]

The pigs fly away in the morning
But I ain't get to see you today
And if I wanna go outside
I gotta make sure that I can play here
I bet you've never seen a pig fly
I bet you've never seen a pig fly
I bet you've never seen a pig fly
Well you ain't been looking through my eyes

[Domo Genesis:]

I bet you've never seen a pig fly, no
Right next to the fat lady hitting high notes
Went to sleep at seven then we woke up from the
dream
Wore my wings and my jeans but my hat is from
Supreme
So I guess that's where I hide my things
Caged, and the wonder is seen
Middle finger missing so I can not give a fuck
I can hear the bells ringing off the nice dream truck
So I'm chasing the dreams, no realities
Hoping that once you're ready you won't be too mad at
me
But If so, I'll take the scorn and indeed happily

Long as I can feel my heart tap like happy feet

[Tyler the Creator:]

Fatherless kids or friends like me and Domo is
A fuck that we will never give is like our pops
But what we did was found our niche and made a stitch
Just like a shirt, that's why our stains smell like the shit

[Hook]

[Bridge:]

(And my circus is all night)
Don't go home tonight (It's all night)
Don't go home tonight, chill
Don't go home tonight
Don't go home tonight, chill
Please stay, don't go home tonight
Don't go home tonight

[Tyler the Creator:]

I'm an odd fellow, the opposite of mellow
The therapist said hell, oh would my mama wonder
I was dealing with iller shit like professional plumbers
Like Food For Thought was my father but I ain't had the
hunger
My self esteem is like me, tall and full of flaws
My pride is gone, I'm that guy like Aaron Hall
I know some niggas wear their hearts on they sleeves
But I wear mine on my head, Supreme
