[Verse 1:]

Ooooooooo waaaaa yea  
A lot of people call it history  
It's only right to call it my story  
Cause I been through a lot and thought it never stop  
with every thing that I got I held on with  
Like being taking from a comfort zone to a total  
strangers place that they call home  
So I put up my guard had to ignore my heart that's  
when I grew up a lot but now the cost is...

[Bridge:]

I may have a problem with expressing my opinion and a  
million other things I just fail to mention when ever I cry  
ain't no body was there to dry my eyes  
Like it was my fault that no body told me to hold on  
tight

[Chorus:]

I'm just misunderstood tryna make you love me any  
way I could baby one day you will see  
That there's so much more to me  
I'm just misunderstood to the opposite of what you  
think I should  
So there's nothing else to do but to live misunderstood

[Verse 2:]

I often think about what it be like  
If I could push rewind to save his life would every thing  
be the same or would it turn out this way I still harbor  
the pain from you missing  
(Oh woo woo)  
Cause when you left she put the blame on me mentally  
motionally physically thought it was what I deserved  
thought I was pleasing her I learned to live with hurt but  
now the cost is awwwwoooooaaaa

[Bridge:]

I may have a problem with expressing my opinion  
And a million other things I jus fail to mention when  
ever I cry ain't no body was there to dry my eyes

Like it was my fault that no body told me to hold on  
tight

[Chorus:]

I'm just misunderstood tryna make you love me any  
way I could  
Baby one day you will see that there's so much more to  
me  
I'm just misunderstood do the opposite of what you  
think I should  
So theirs nothing else to do but to live misudnerstood

[Verse:3]

If I could translate everything I feel this is exactly what  
my heart reveals I'm looking for understanding  
somebody set me free from this prison I'm in

[Chorus:]

I'm just misunderstood tryna make you love me any  
way I could  
Baby one day you will see that there's so much more to  
me  
I'm just misunderstood do the opposite of what you  
think I should  
So theirs nothing else to do but to live misudnerstood...  
yea
