(Verse 1)

We've been friends for quite some time
But I should be the next in line
'Cause I'm fallin' in love with you
And I almost lose my cool, baby
My heart stops when you walk by
But those things I try to hide
But I want you to know the truth
Being your friend is what I'll go through

(Chorus)

One of these days I will make you see what I see
And hopefully you'll fall for me
The way that I fell for you
By doin' all the little things that you do
One of these days you will see I was made for you
And until then I'll have to show and prove
'Cause time isn't on my side
If I don't tell you now you may never be mine

(Verse 2)

I've laid my cards out just for you
So don't be scared to make a move
'Cause you know that I'm so gone
And with me is right where you belong
I hope that you agree
No other girl should love you but me
This love can go on
'Cause I love you, baby
I need you, baby

(Chorus)

(Bridge 2xs)

So what you think 'bout makin' this forever
You're all I need so let's get it together
Let's make this thing official
Baby, you and me

(Chorus 2xs)
