(Intro 4xs)

I'm, I'm here to stay

(Verse 1)

You been sayin' this ain't workin' out

You need to think about

If we should stay together plus the stormy weather

You think that I'm cheatin', creepin', sneakin' behind  
your back

But that ain't true because I love you

You should know that I adore you

And I ain't goin' nowhere

Boy, I'm stayin' right here

(Chorus)

I know you think that I'm not gonna stay but

Baby, you gon' see that it's ok

You got me

It'll be alright

'Cause I'mma stay by your side

Don't worry if we have our crazy days and

I be stayin' mad for a couple days but

No one will ever take your place

See, baby, I am here to stay

(Verse 2)

Now tell me, baby, can you handle it

Do you believe in this

'Cause all I wanna do is give it all to you

And nobody else will ever do the things you do

So you can get back on

It done got your heart but

Truth be told they can't pull me apart from you

So what do I gotta say or do

(Chorus)

I know you think that I'm not gonna stay but

Baby, you gon' see that it's ok

You got me it'll be alright

'Cause I'mm stay by your side

Don't worry if we have our crazy days and

I be stayin' mad for a couple days but  
No one will ever take your place  
See, baby, I am here to stay

(Bridge)

Now that you understand let's make it last  
I'm your woman  
Let's forget the past and start over a new beginning  
Our happy ending  
'Cause you got my love  
Now that you understand let's make it last  
I'm your woman  
Let's forget the past and start over a new beginning  
Our happy ending  
'Cause you got my love

(Chorus)

I know you think that I'm not gonna stay but  
Baby, you gon' see that it's ok  
You got me  
It'll be alright  
'Cause I'mma stay by your side  
Don't worry if we have our crazy days and  
I be stayin' mad for a couple days but  
No one will ever take your place  
See, baby, I am here to stay

(Chorus)

I know you think that I'm not gonna stay but  
Baby, you gon' see that it's ok  
You got me  
It'll be alright  
'Cause I'mma stay by your side  
Don't worry if we have our crazy days and  
I be stayin' mad for a couple days but  
No one will ever take your place  
See, baby, I am here to stay

(Outro)

No, no, no, no, no, no, no  
I'm here to stay  
I'm here to stay  
I'm, I'm here to stay  
I'm, I'm here to stay
