You watching me,  
In secrecy  
From the corner of my eye,  
I catch you walking by.

Can you agree,  
That we could be,  
More than just a quick hello,  
If we don't jump, we'll never know

That kind of love's easy,  
The kind you never knew  
That kind of love's easy  
The kind that you never get used to.

I know your sacred  
They never cared,  
And your past was push and shove,  
It's time to find real love.

So don't be shy,  
Your like paradise  
And it's my highest guarantee  
That you finally get to see

Sing it again say,  
That kind of love's easy  
The kind that you never knew  
That kind of love's easy  
The kind you never get used to...

That kind of love's easy  
That kind of love's easy  
That kind of love's easy  
That kind of love's easy

Yeah, Yeah C'mon

That kind of love's easy  
The kind that you never knew (That we never knew,  
yeah)  
The kind of love's easy

That kind you never get used to

Yeah (that kind of love's easy)

Yeah (that kind of love's easy)

Yeah (that kind of love's easy)

Yeah (that kind of love's easy)
