[Verse 1:]

I miss you more now  
Distance is killing me  
I leave my messages everyday  
So i can call you

[Chorus:]

I'm new to this kind of feelin'  
Never felt this way before  
And now that your just feeling happy  
But it felt good

[Verse 2:]

Memories of us together  
To me, it's anything before  
Now i have you  
So far away (yet, so far away)

[Chorus:]

I'm new to this kind of feelin'  
Never felt this way before  
And now that your just feeling happy  
But it felt good
