Hey peter, where are you going with that axe in your hand?

Hey peter, where are you going with that axe in your hand?

I'm gonna kill my lady  
Cause I caught her screwing around  
With some other men  
I'm gonna kill my lady  
Cause I caught her fucking  
Around with some other men  
(I really don't go for that shit.)

Hey peter, you know I heard you cut your woman down  
Hey peter, you know I heard you cut your woman down  
Cut her down to the ground

Last night I killed my lady  
I caught her screwing around  
With every guy in town  
Last night I killed my lady  
I caught her screwing around  
All over this town

Hey peter, where you're gonna run to now?  
Hey peter, where you're gonna go?

I'll take that d-train  
Take it down to brighton beach  
To bay seven  
I'll take that d-train  
Take it down to brighton beach, brighton beach  
I'll see my baby to heaven

I'll see my baby to heaven
