She said it's over  
And I don't stand a chance  
She said it honestly  
I wished that she lied

Her words said it all  
Minus me  
Minus the actions  
And the understanding  
She will never do  
I never take advantage  
And I don't have the guts  
She dropped me out  
And she's leaving me

It's the last time  
Did I pushed too hard  
You didn't mean to make me cry  
But that's okay who's wrong  
And understanding  
You'll never understand  
What you think and what I feel  
Doesn't make any sense...

It's the last time...  
It's the last time...  
It's the last time...

It's the last time  
Did I pushed too hard  
I didn't mean to make me cry  
But that's okay who's wrong  
And understanding  
You'll never understand  
What you think and what I feel  
Doesn't make any sense...  
Doesn't make any sense...
