

Type O Negative "Open Wound"

This is tearing me apart
I don't know what I feel now
My head is caving in
My body's getting tired
The sound of selfishness
Is killing me right now
When will this end? When will this stop?
Run away but it's no use
This is wrong oh, so wrong
I'll drown myself and never wake up
I'll die alone,
I want to reach out
But it's me that's keeping me
From helping myself
I know it's lame and that's a shame
Please don't do this
I can't take it anymore
Just as I was forgetting you
