Well, here we are now
This is angle of the day
Let's get this all [Incomprehensible]

Agony and ecstasy
Your cries of pain, my pleasure
Know my machine internally
Your torment, my pleasure

Like lifeblood combines with semen
Your screaming, my laughter
Compressor is running smoothly
This vengeance, I am after

Pain

Begging becomes your love song
You're dying, I masturbate
For the crime of burning me
I give to thee, Jackhammer ape

Jackhammer ape
Jackhammer ape
Jackhammer ape
Jackhammer ape

This is gonna be
[Incomprehensible] you

Pain
Pain

I got some good new for you morons
This is gonna be our last song
