The child is torn
From the womb unbaptised
There's no question
It's infanticide
I'm guilty so therefore condemned
Destroying angels must come to an end
Now in limbo
Deprived of paradise
That's not so nice

At the end I'll escort you to hell
The dark one's forces
Lock your flaming cell
To murder the ones unborn
The worst sin you've ever performed
There are two other things I will tell
Know them well

With due respect
Hear these words of caution
If considering an abortion
If you dig boiling sulphur
To which I will not concur
Leading to a path of misfortune
No one won

Of a land that shuns the son
So alien call it Area 5-1
Should there be failure to convert Zion
What came as a lamb
Returning as a lion

Not a nation but a self proclaim-ed state
Since the year of our lord 1-9-4-8
The road to redemption leads through deserts
Rocky though the trip through is well worth it

I am the duel of the fisherman Simon
He brought alpha, omega, yes I'm the one
The twins fell beginning Armadgeddon
So the whore too who dwelleth in Babylon
All his people gathered round

Through forgiveness salvation found
