(Too late for apologies)
It's too late, it's too late
It's too late
(1, 2, 3, 4)

So you've come to say you're very sorry
Won't happen again forgive me
Time will not heal away these wounds
And I'm bleeding, bleeding because of you

It's too late, it's too late, it's too late
(Too late for apologies)

Once everything we had just a joke ?
I've run out of patience, tears and hope
Love does not conquer all
And I'm screaming, screaming because of you

It's too late, it's too late, it's too late
(Too late for apologies)

In the shadow of the light from a black sun
And frigid statue standing icy blue and numb
Where are the frost giants I've begged for protection ?
I'm freezing

Cold winter winds that chill my heart with sleet and with
snow
Not from the north come to this glacial abode
But from your dimension cryogenic limbo
I'm freezing

Frozen, frozen, frozen
I'm frozen, frozen, frozen
I'm frozen, frozen, frozen, I'm freezing

(Too late for apologies)
It's too late, it's too late
It's too late
(1, 2, 7, 8)

It's too late

(Too late)
It's too late
(Too late)
It's too late
(Too late, too late)
It's too late
(Too late, too late, too late for apologies)
