Ran around on this ground all you have got  
Yesterday went away still you did not  
Understand in the end we have to leave  
Can't believe, I can't believe, still I just can

Not believe that I would deceive and not try to leave  
from the web that you weave,  
I have to

Kill my dogs my ten wild Dogs of desire  
I've lost my guts my selfish mutts can see  
Kill my dogs my dancing ten wild Dogs of desire  
I've lost the leash and now they're after me

Let the beasts have a feast, let the hounds be released

Kill my dogs my ten wild Dogs of desire  
I've lost my guts my selfish mutts can see  
Kill my dogs my dancing ten wild Dogs of desire  
I've lost the leash and now they're after me

It's to late to repent, left with nothing in the end, alone

There's no time for the rhyme I have to run  
When I fall has it all been said and done  
All I've seen in between makes it a life  
For a life, for a life, still it just can

Not be right that I can not fight  
For the dying light go into the night, I have to

Kill my dogs my ten wild Dogs of desire  
I've lost my guts my selfish mutts can see  
Kill my dogs my dancing ten wild Dogs of desire  
I've lost the leash and now they're after me

Let the beasts have a feast, let the hounds be released

Kill my dogs my ten wild Dogs of desire  
I've lost my guts my selfish mutts can see  
Kill my dogs my dancing ten wild Dogs of desire  
I've lost the leash and now they're after me

It's too late to repent, left with nothing in the end, alone
