You're givin' me a rush, rush
Every time that you come around
And when we touch, touch
I can't get enough

You're givin' me a rush, rush
Every time that you come around
And when we touch, touch
I can't get enough

Tell me all your secrets
I won't tell a soul, I'll keep it on the low
Just tell me what you do
That makes me wanna lose control

We got a special thing
Can't let nobody come between
I know you feel it
Hope you feelin' the same way that I feel

They'll never understand the way I feel
Wonder why we're so affectionate
Why? Why?
Just tell them that it's human nature

You're givin' me a rush, rush
Every time that you come around
And when we touch, touch
I can't get enough

You're givin' me a rush, rush
Every time that you come around
And when we touch, touch
I can't get enough

It don't matter who's around or where
we are
Baby it feels like we're alone
You take me places no one's ever taken me
before

And you ain't gotta say it

'Cause I know what you're gonna say
Baby, can you send it?
Just rush your love her right away

They'll never understand the way I feel
Wonder why we're so affectionate
Why? Why?
Just tell them that it's human nature

You're givin' me a rush, rush
Every time that you come around
And when we touch, touch
I can't get enough

You're givin' me a rush, rush
Every time that you come around
And when we touch, touch
I can't get enough

Take me away from here so far away
Baby please, somethin' about the way when you
Touch me, you make me feel so free
Oh you give me a rush

You're givin' me a rush, rush
Every time that you come around
And when we touch, touch
I can't get enough

You're givin' me a rush, rush
Every time that you come around
And when we touch, touch
I can't get enough

You're givin' me
You're givin' me
