There's a place south of nowhere where nobody ever goes  
And the devil who hides in the shadows of the night  
There's a lady they say that's evil  
She's got the power of the devil in her hands  
And when she casts her spell upon you, you'll burn

CHORUS:

Fall into the hands of evil  
Let them take you away

Fall into the hands of evil, you will

Hey evil lady won't you come on in the night  
There's a shadow all around you I can see it in your eyes, your eyes  
I will take you so far away  
I will take you to the place you'll stay  
You will be my evil lady of the night

CHORUS  
(REPEAT 1ST VERSE)
