I saw the beast and the kings of the earth  
And their armies gathered together to fight the god  
they cursed  
The beast and Phaul's prophets were taken from their  
thrones  
They were cast alive to the fire and brimstone

Satan and his armies marched into the valley  
Bodies on the pile, paths of destruction  
You will see the fires of hell rain throughout the night

CHORUS:

The battle of Armageddon, the battle of Armageddon

Angels in the skies wings a fiery blaze  
The cdevils' balls of fire can see them  
Through the haze good against the evil, evil sure to win

CHORUS

Lightning in the sky, thunder clouds rool by  
Battle's finally over, Satan's time to die  
God has taken over, peace throughout the land

CHORUS
