I've seen the warrior standing, armor shining bright  
Battle axes sharpened, they stand prepared to fight  
Thrashing and grinding, till the final thrust  
Nothing can satisfy their awesoem blood lust

CHORUS:

Warriors of metal, warriors of metal, warriors of metal

Fire desire can't handle this pain

If I don't get out I'll go insane  
A sea of death as far as I can see  
What's happened to me

CHORUS

The dead shall rise and life shall fall  
The unholy master's got us by the balls  
You will seek into the fire, unholy desire

CHORUS
