Spoken Words:

(There's no better way to describe,
what you do to me,
I love you)

(Tyrese)

The summer can in the middle of the winter
And all my nightmares became a dream come true
Then suddenly my pool became an ocean
No sooner then I laid both my eyes on you
And I have never seen wings like that
Never seen a smile like that
I've seen the light but never ever bright as that
(You blinded me with love) Am I going crazy?
Or is this just a dream, cause

Chorus

(I just saw an angel, an angel on earth)
Right before my very eyes
(I just saw an angel, an angel on earth)
And it was like a vision coming from the sky
(I just saw an angel, an angel on earth)
She held my hand and whispered to me, whoa
(I just saw an angel, an angel on earth)
Nothing compares to what you are

(Candice)

A sad end became happily ever after
And a sad song turned into a summer joy
When the light inside of me was going dimmer
You showed up with a candle burning, boy
And I have never seen wings like that
Never seen a smile like that
I've seen the light but never ever bright as that
(You blinded me with love) Am I going crazy?
Or is this just a dream, cause

Chorus

(I just saw an angel, an angel on earth)
Standing right before my very eyes
(I just saw an angel, an angel on earth)
It was like a vision coming from the sky

(I just saw an angel, an angel on earth)
He held my hand and whispered to me, whoa
(I just saw an angel, an angel on earth)
Nothing compares to what you are

And it feels so good that I got my angel next to me
That I just gotta tell somebody
About my new discovery

And how I'm
touched by an angel
touched by an angel
Touched by an angel

Girl it feels like I'm (feels like)
touched by an angel
touched by an angel
touched by an angel

Chorus
(I just saw an angel, an angel on earth)
Standing right before my very eyes
(I just saw an angel, an angel on earth)
Like a beautiful vision coming from the sky
(I just saw an angel, an angel on earth)
Then he took my hand and he said to me these words
(I just saw an angel, an angel on earth)
Nothing
Nothing
Nothing
Nothing
Nothing can compare to what you are

I'm so glad that I've got my angel

I saw an angel right in front of me

Your my angel, and I know it cause you
Set me free, hey.
