I know you havin other friends,
Am im wit chu,
Ain't gotta keep it on the low cuz im wit chu,
I told ya girl, I understand,
Aint gon be trippin on no other man, (girl)
You be actin like we all up love,
And baby,
I be knowin we aint all up in love,
And thats cool,
And you can keep them otha niggaz,
And thats cool,
As long as i can hit it,

[Chorus:]

It's better to know,
Don't front like it's all about me,
Cuz it's better to know,
Be straight up, if thats how you wanna be,
Yeah its better to know,
You got yours and I got mine,
But whenever we roll,
I'll still treat you like my wife,
Ain't no shame in the game, what we doin is the same
Girl our thing won't change
It's just better to know,

[Verse Two:]

You can still push the coup if you wanna,
You can swipe my black card if you wanna,
Them wifey things i still own,
What you do on the side is your business cuz your
grown,

You be actin like we all up love,
And baby,
I be knowin we aint all up in love,

And thats cool,and you can keep them otha niggaz,
And thats cool,
As long as i can hit it,
[Chorus:]

Don't front like it's all about me,
Cuz it's better to know,
Be straight up, if thats how you wanna be,
Yeah its better to know,
You got yours and I got mine,
But whenever we roll,
I'll still treat you like my wife,
Ain't no shame in the game, what we doin is the same
Girl our thing won't change
It's just better to know,

[Hook:]
You can keep it real, its cool with me,
Ya i know you be all out there doin big things,
Aint you aint gotta hide (girls its alright)
Im still gon make good love to you every other night,
Girl there aint no pressure,
Ohh there's only pleasure,
Cuz the way you put it down girl I aint mad at you,
So we gon let this ride,
You aint gotta lie,
Tell me cuz its better.to.know.
Ohhh

Don't front like it's all about me,
Cuz it's better to know,
Be straight up, if thats how you wanna be,
Yeah its better to know,
You got yours and I got mine,
But whenever we roll,
I'll still treat you like my wife,
Ain't no shame in the game, what we doin is the same
Girl our thing won't change
It's just better to know,

Better, better, better ta know
Soo much better
