Hey,
All these years I have been wanting you in my life
Now I finally have you
I'm gonna do everthing in my strength
to keep you near
I care about you
I just wanna make you smile
Let's go

All the many days you were on my mind
Visions of me with you all the time
You wasn't lookin for a man you made it clear (clear to
me)
And now im ever so glad that i have you near

Here in my life just you and I
We can do what ever we want to
Living my life with you by my side
Oh one day I'm gonna make you my wife, baby

I was excited cause I was falling
Falling in love with you
Now that I have fallen
What am I gonna do

I was excited cause I was falling
Falling in love with you
Now that I have fallen
What am I gonna do

I do whatever puts a smile on my baby's face
Girl you're my best friend and
You can never be replaced
There's nothing in this world I wouldn't do (do for you)
You were one of my favorite dreams and I'm so glad
that it came true

Here in my life just you and I
We can go any where we want to, baby
I'm living my life with you by my side
One day I'm gonna make you my wife
Yes I am

I was excited cause I was falling
Falling in love with you
Now that I have fallen
What am I gonna do
I was excited cause I was falling
Falling in love with you (and it feels so good to me
baby)
Now that I have fallen
What am I gonna do

Since I gave you all my trust (and u never take my trust
for granted)
And you given so much love (and you given me so
much love)
Your everything I want and need (you are everything I
want and I need)
Girl, you got the best of me (oh, you got the best of
me)

Break it down

Oh, I was falling in love
I don't know what to do
I just love you with
With every inch of my body
Falling in love
We'll just take it one day at a time

I was excited cause I was falling
Falling in love with you (I don't wanna rush into
romance)
Now that I have fallen
What am I gonna do (I just want you in my arms)

I was excited cause I was falling
Falling in love with you (when I see you I wanna touch
you and feel you and
hold you babe baby baby yeah)
Now that I have fallen
What am I gonna do (oh, it feels so good to be in love
and get love in return)

(oh oh oh yes it feels good oh yes it feels good oh oh
oh yes it feels so good
having you here makes me feel so complete baby)

I was excited cause I was falling
Falling in love with you
Now that I have fallen
What am I gonna do
