Damn

I got something to tell you
Listen

You know that I like it baby
I don't try to hide it baby
You be tryna fight it baby
But wassup wassup
Its so hard to take it baby
You say it's the matrix baby
Why we gotta fake it baby
Oh... wassup wassup

You let the little things
Like the fact that I make mistakes
Get in all between
What I wanna do with ya
Where I wanna take ya, baby
You say that im pressed
And that I've had my chance
I say it's comeback
That's how I know I gotta get it

(chorus)
I gotta get it
I gotta make you understand what im feeling (what Im
feeling)
And girl I should be your man
And you know that the boy ain't playin round
And I'd go that extra mile
Just to put you down
But you don't get It (you don't get it)
So I gotta make you see that you're winnin (that you're
winnin)
If you get on my team
And you know that the boy ain't gonna change
Till I get it gotta get it baby just let me get it

Now when we talk (it never fails)
You always wanna talk about how I got a girl

How I be here and there
We always going round and round
But if you gonna talk
Let's talk about how when you need me I'm always
around
How it ain't nothing for me to say yes to you
Play games like the rest of these niggas do
Baby all im tryna say to you is
I adore everything about you please believe me
You say that im pressed
And that I've had my chance
I say it's come back
That's how I know I gotta get it

(chorus)

I gotta get it
I gotta make you understand what im feeling (what Im
feeling)
And baby i should be your man
And you know that the boy ain't playin round
And I'd go that extra mile (girl I go that extra mile)
But you don't get It (you don't get it)
So I gotta make you see that you're winnin (that you're
winning)
If you get on my team
And you know that the boy ain't gonna change
Til I get it gotta get it baby just let me get it

Theres no need for trippen
How can it be wrong
To make the right decision
Its clear where you belong
Right here where you're treated like the best thing ever
And you never have to worry

Think out yourself
Im right here beside you
Girl I want what's best
I'm around to guide you
Guide you where you need to be....yeahhhh

(chorus)

Ohhhh...I gotta get it (I gotta get it)
Gotta make ya understand what im feeling (what Im
feeling)
That i wanna be your man
And you know that the boy ain't playin round
And I'd go that extra mile
Just to put you down
But you don't get It (you don't get it)
So I gotta make you see that you're winnin (that you're

winning)
If you get on my team
And you know that the boy ain't gonna change (gonna
change baby)
Til I get it gotta get it baby just let me get it

Bababababa Bababababa
Ohhhhh..ohhhh...ohwhyohwhy....baby
Babababa Babababa

You gotta gotta get it gotta get it gotta get it...yeah

I gotta get it, ya know
I mean I'd do whatever it takes.
