I like them girls, check it out
I like them girls, I like them girls
I like them girls, I like them girls

Get a call from my crew this weekend
Talking 'bout a party said it's gon' be crackin'
Since I'ma drive the porsche I tell 'em push the new
Benz
'Cause when it's over straight parking lot pimpin'

Once I find my keys to the ride
Hit the spot around 11:45
'Cause everybody knows that's when it gets hot
Tonight I'm gonna find a little shorty for a player to cop

I need a hot girl for me
A sexy little mommy
Who knows how to turn me on
Freak me from the night 'til the early morn

A girl that knows just what she wants
When she see a baby girl don't run, no
Hair fly, the nails done, look like she got one
That's the kind I like

I like them girls between the sheets
I like them girls iced up like me
I like them girls in the fly Gucci
Rollin' deep in the "6", Cartier on the wrist

I like 'em thick
Small waist with big ol' hips
I like them girls in the drop Bentley
That's the kinda girl I need

Out the corner of my eye spot a shorty
Ice so bright baby lighting up the party
She got the Prada fittin' right on her body
36, 24, how could I let it pass me

I approached her with the game on tight
You's the kinda flava I like

She said what's up with later tonight
I'm gonna do whatever feels right to you

I need a hot girl for me
A sexy little mommy
Knows how to turn me on
Freak from the night 'til the early morn

A girl that knows just what she wants
When she a baby girl run, no
Hair fly, the nails done, look like she got one
That's the kind I like

I like them girls between the sheets
I like them girls iced up like me
I like them girls in the fly Gucci
Rollin' deep in the "6", Cartier on the wrist

I like 'em thick
Small waist with big ol' hips
I like them girls in the drop Bentley
That's the kinda girl I need

I like them girls between the sheets
I like them girls iced up like me
I like them girls in the fly Gucci
Rollin' deep in the "6", Cartier on the wrist

I like 'em thick
Small waist with big ol' hips
I like them girls in the drop Bentley
That's the kinda girl I need

Yo, we takin' over this, yeah, we takin' over this, yeah
Tie bricks on the dog's, yeah, you fed up
Yeah, what's life? Yeah, he rocks
How we do, check it out

I like them girls between the sheets
I like them girls iced up like me
I like them girls in the fly Gucci
Rollin' deep in the "6", Cartier on the wrist

I like 'em thick
Small waist with big ol' hips
I like them girls in the drop Bentley
The kinda girl I need

I like the girls with the candy types
Kissin for a livin' and their big brown eyes
That's the kinda girl I need

I like 'em thick
Small waist with big ol' hips
I like them girls in the drop Bentley
The kinda girl I need
