Girl I remember the feeling your love gave me
It used to put my hard times at ease babe
My wind stay [?] you are such a sweet lady
You gave the birds a new song to sing, baby
Now your love ain't what it used to be
I wish you never changed

And I really miss her, I really miss her
Tell me where would I be without you?
I really miss you, uh, I could feel it in my soul
I really miss her
She's the only right left in my world
And I really miss her
Yeah I miss that girl

So many moments, from your words I found peace
Yeah that's what you give to me, baby
I still hear your voice when
You're not with me
Give me some sweet memories, yes you
Now your love ain't what it used to be
I wish you never changed

And I really miss her, I really miss her
Tell me where would I be without you?
I really miss you, uh, I could feel it in my soul
I really miss her
She's the only right left in my world
And I really miss her
Yeah I miss that girl

Come back to me, I need your love
I need your,
Did you just [?] me to sing, oh
Baby come back to me
I really miss her

I really miss her, I really miss her
Tell me where would I be without you?
I really miss you, uh, I could feel it in my soul
I really miss her

She's the only right left in my world
And I really miss her
Yeah I miss that girl.
