[Tyrese]

Ohhh

I aint never been the type to trip,
but I guess I never had a night like this,
when someone walked into a crowded room,
and danced around and shut it down, she left me so
confused,
now I know just what I'm here to do,
the situation turned to me and you yea,
and if you let me be the one you're with,
i'll be the one to care for you, whenever you need

[Chorus]

Can we chill tonight cuz you're looking kinna right,
girl your body's tight it's feeling kinna right,
for sure you know, the money can't buy,
honey so tight, girl you're kinna right tonight,
cuz you're looking kinna right,
what you're doing to me is feeling kinna right,
for sure you know, I'm gonna keep it real,
the booty's on my mind, girl you're kinna right tonight,
girl you're kinna right tonight...

[Tyrese]

I've been with a few girls before you,
but I can't remember them anymore ooh,
cuz every since you came around my way,
and spent some time, it blew my mind I'm caught up on
you baby,
now there's no one else for me but you,
and there's so many things we've got to do,
and I'm gonna be, what you need me to be,
girl I'll rock for you, if you want me to.

Girl anytime you gots to get anymore, (oh yea)
girl you know you can call, you can call, (you can call
me baby)
cuz you're everything I'm waiting for yea,
you're everything I need and more

[Chorus]

Can we chill tonight cuz you're looking kinna right,

girl your body's tight it's feeling kinna right,
for sure you know, the money can't buy,
honey so tight, girl you're kinna right tonight,
cuz you're looking kinna right,
what you're doing to me is feeling kinna right,
for sure you know, I'm gonna keep it real,
the booty's on my mind, girl you're kinna right tonight

[Hook]

Ooooh, how you gonna wear a dress like that tonight,
you know it aint right,
ooooh, you're making it kind of hard for me to
concentrate,
it's more than I can ever take,
ooooh I, (oh I) can't wait to feel your body next to me,
so I'm gonna take this night with you, to do the things
that we came here to baby.

[Chorus]

Can we chill tonight cuz you're looking kinna right,
girl your body's tight it's feeling kinna right,
for sure you know, the money can't buy,
honey so tight, girl you're kinna right tonight,
cuz you're looking kinna right,
what you're doing to me is feeling kinna right,
for sure you know, I'm gonna keep it real,
the booty's on my mind, girl you're kinna right tonight

Girl you're kinna right, your body kinna tight,
and babe I just might, girl you're kinna right tonight,
girl you're kinna right, your body kinna tight,
and babe I just might, girl you're kinna right tonight,
girl you're kinna right, your body kinna tight,
and babe I just might, girl you're kinna right tonight,
girl you're kinna right, your body kinna tight,
and babe I just might...
