God bless the day I found you
Can somebody tell me
Why you don't believe in me? Oh no

When I say A, you think I mean B
Guess it wasn't meant to be, so I'm movin' on, yeah
You tell me you've changed still the same
I'm ma tell you like my Mama told me, game
(Game recognize game)

That's how I know you will never change
We've been at this for a nice long while
I think it's best we go our own ways, goodbye
(Fame doesn't mean a thing)
'Cuz it's all about you

Make up your mind
It's two feet in 'cuz you can't have one foot out
When you're tryin' to have somethin'
Make up your mind
'Cuz I can't want this more than you want this, no

Make up your mind
It's two feet in 'cuz you can't have one foot out
When you're tryin'
Why don't you make up your mind?
No, no, no, no

You've opened my eyes, I've realized
That you and I will never know love
Where did we go wrong? Yeah
You turned on me in times of need
I'mma tell you like my Mama told me, games
(Game recognize game)

That's how I know you will never change
We've been at this for a nice long while
I guess it's best we go own ways, goodbye
(Fame doesn't mean a thing)
'Cuz it's all about you, oh oh oh

Make up your mind

It's two feet in 'cuz you can't have one foot out
When you're tryin' to have somethin'
Make up your mind
'Cuz I can't want this more than you want this, no
(Can you do that for me please baby? Oh)

Make up your mind
It's two feet in 'cuz you can't have one foot out
When you're tryin'
Why don't you make up your mind?
No, no, no, no
(Would you just make up mind for me baby)

We've been involved for oh so long, yeah, yeah
And already got feelings that are oh so strong
If I get that urge to kick it to the curb
Oh, I'll be outta here and won't look back my dear
I'm sorry but I gotta go, oh

I always let you say what you wanna say
I only told you be who you wanna be
So why you wanna flip on me?

Make up your mind
It's two feet in 'cuz you can't have one foot out
When you're tryin' to have somethin'
Make up your mind
'Cuz I can't want this more than you want this, no
(I can't let you do this to me baby, no, no)

Make up your mind
It's two feet in 'cuz you can't have one foot out
(Is there somethin' wrong with this love affair baby?)
When you're tryin'
Why don't you make up your mind?
No, no, no, no
(Make up mind for me baby, do it for me baby)

Make up your mind
It's two feet in 'cuz you can't have one foot out
When you're tryin' to have somethin'
Make up your mind
'Cuz I can't want this more than you want this, no
(So you gotta go baby, oh no)

Make up your mind
It's two feet in 'cuz you can't have one foot out
