[Intro]

[JD] Uh huh

[T] Baby

[JD] Uh huh, uh

[T] Said it's goin' on tonight

[JD] Yo, see yo, uh huh, ya'll know what it is

[T] We 'bout to do it real big, yo

[JD] So So Def

[T] Off the heezy

1 - You off the heezy

The way you walk

I'm tryin' to sample that tonight

Off the heezy

We can do it real big, baby

Would that be alright

Off the heezy

If you was my boo

You could do whatever you want to

I don't wanna try to hold you down

I just wanna get it started

[JD] Tyrese

[Tyrese]

All night long it's been hard for me to pay attention

To what me and my peoples are doing, eh

It's not often that I'm in this position

Though I've seen a lot, but not this hot

Girl, you've got me crazy

Repeat 1

[T] Usually I don't pay no mind to girls this way

[jd] Me neither

[T] But honey ain't your average little mommy

[JD] Oh

[Tyrese]

Just tryin' to find the right thing to say

Something tells me that if you and I got it poppin'

Girl, it won't be no stoppin'

It'll be one thing after the other

[JD] This is the part I like right here

[Tyrese] (JD)

Were've you been

What I gotta do to see you again

Are the first words that came into my mind

I never met nobody as bad as you (That's right)

Who ain't got no attitude

That's what makes the situation, for sure

[JD]

Uh-oh

It's that cat from the south

Everybody just can't stop talkin' about

Lips stay poked out cuz I cannot lose

Every record I make, I got something to prove

It's a man's world, so don't even trip real big

Ya'll know how I do this shit

And I'm the truth like a California bag of trees

From ATL to Watts nigga, off the heez'

Repeat 1

Repeat 1 while:

[JD]

Tyrese

JD

Yeah

Oh

Uh huh

[T] I wanna get it started oh
