[Vs. 1]

Pimpin, it aint easy for me
Especially the way these chicks be checking for me
It's like all the time
And it's like everywhere
And it's like into the club honey's stop and stare
Wait a minute..

It's not my ego ya'll that's just the way it is
Showbiz like no biz
I love girls throughout my whole career
From suburb chicks to the cuties on the bus stop
Church girls all the way up to the movie stars
I'm not trippin when it come down to the woman
Ryse is down with all signs, oh let me tell ya'll
something

[Chorus:]

These are the zodiac signs that I wanna make love too
The zodiac signs that I wanna get next too
See I ain't trippin when it comes down to these girls
We are the world, we are the world

These are the zodiac signs that I wanna take shopping
The zodiac signs that I wanna take club-hoppin
See I ain't trippin when it comes down to these girls
We are the world, we are the world

[Vs. 2]

[Kelly:]

Ladies let me tell you all about the Capricorn
See when it comes to sex it's guaranteed some babies

The zodiac signs that I wanna get next too
See I ain't trippin when it comes down to these girls
We are the world, we are the world

These are the zodiac signs that I wanna take shopping
The zodiac signs that I wanna take club-hoppin
See I ain't trippin when it comes down to these girls
We are the world, we are the world

[Hook:]

(Pisces, Aries, Taurus, Gemini) I see you in the club
with your hands held real high
(Cancer, Leo, Virgo, Libra) The way you treat your boy
I'd do anything for ya

The zodiac signs that I wanna get next too

We are the world, we are the world

These are the zodiac signs that I wanna take shopping
The zodiac signs that I wanna take club-hoppin
See I ain't trippin when it comes down to these girls

Turn it up in your jeep

On your answerin service
On a late night creep
