Album: Taking Forever

[Verse 1]

Have ou ever had a day yah
When everyting was going just right for yah
The sun was shining ever so bright for yah
An you were crusin down your favorite road
Could it be a gift from JAH
The way your lite Glistens over the still water
Now tell the mon that you know what Im sayin to yah
Cause thats just the way that it goes. Way that it goes

[Pre-Chorus]

Im having a good day now yes
Cant yah see me smiling
So pass it and hit is and stay a while
So we can keep it flowin
That love that we all like
That keeps us goin for sure

[Chorus (repeat 2x)]

Wheres my playas who stay frozen
In their trucks just cruzin
Come on, come on can and
Hear me callin
Yall stay ballin

[Verse 2]

I bet you never thought that ya
Could be the one that make you wanna ride with JAH
Experience the feeling that Im talkin bout
You feel me and know that its so oh oh oh
Listen beat tah tah
Move your body let the music run through yah
Put yah hands up and say na-na
And thats just the way that it goes

[Pre-Chorus]

Im having a good day now yes
Cant yah see me smiling
So pass it and hit is and stay a while

So we can keep it flowin
That love that we all like
That keeps us goin for sure

[Chorus (repeat 2x)]
Wheres my playas who stay frozen
In their trucks just cruzin
Come on, come on can and
Hear me callin
Yall stay ballin

[Outro (repeat 2x)]
Dont turn the reggae low
Turn it up a notch sir
Afraid I told yah so
This is what they love say

[Chorus (repeat 2x)]
Wheres my playas who stay frozen
In their trucks just cruzin
Come on, come on can and
Hear me callin
Yall stay ballin
