Ohh babe, be my sweet lady
Ohh, I want you to be my lady
Lady, oh babe

Sweet lady, would you be my
Sweet love for a lifetime?
I'll be there when you need me
Just call and receive me

Sweet lady, babe

Now any other day, I would play it cool
But I can't now 'cause I want you
See I'm hooked on, how you flex your style
And I wanna talk for a little while

I never really seen your type
But I must admit that I kinda like
So maybe if you have the time
We can talk about you being mine

Sweet lady, would you be my
Sweet love for a lifetime?
I'll be there when you need me
Just call and receive me

Sweet lady, would you be my
Sweet love for a lifetime?
I'll be there when you need me
Just call and receive me

Now on the regular, I would waste time but I don't want
to
'Cause you're so damn fine
And I heard that you were taken
That don't have to stop you from making

Late night phone calls on the telephone
About your fantasies and how to get it on
When you need me I will be
There for you my sweet lady
Sweet lady, would you be my

Sweet love for a lifetime?
I'll be there when you need me
Just call and receive me

Sweet lady, would you be my
Sweet love for a lifetime?
I'll be there when you need me
Just call and receive me

Say you will be my baby
Say you will be my lady
I've got to have all your love
So I wont even front
Just say you'll give it to me
Don't wanna hear the maybe's
And I will give you all my heart
If you say you'll be my baby

Sweet lady, would you be my
Sweet love for a lifetime?
I'll be there when you need me
Just call and receive me

Sweet lady, would you be my
Sweet love for a lifetime?
I'll be there when you need me
Just call and receive me

Sweet lady, would you be my
Sweet love for a lifetime?
I'll be there when you need me
Just call and receive me

Sweet lady, would you be my
Be my sweet love, lover for lifetime
I'll be there when you need me
Just call and receive me

Sweet lady, would you be my?
Sweet lady, would you be my?
Sweet lady
