[Intro]

Swag central

See what we have here is

An open invitation to the first day of the rest of your
life...

Rese!

[Verse 1: tyrese]

Just pulled up to the club in a mclaren? like "oh"

We hopped out and the girls followed us as we
escorted to the top floor

Got bottles in one hand, cash in the other

Stacks flying everywhere, need an umbrella

Cards unlimited, keep on spending it, cause I got
money to blow

[Bridge: tyrese]

After we leave this club, it's on

Yeah you already know

Got a lot of fly chicks trying to leave with me

So now I'm ready to go

I've got so many, might need an extra car

Don't worry about drinks, baby, I bought the bar

Bottles everywhere, don't need an entourage

I know I do it big, but big I hustle hard

[Hook: tyrese]

I swear I make it look too easy

Suckas wishing they could be me

Naw, haters can't see me cause I'm too hot for tv

If you chickens don't believe me

Put it in your face like green beans

That attitude is so greasy... I make it look too easy

[Verse 2: tyrese]

You can't get what I get unless you got a passport

Because my swag is so... international

From brazil all the way to tokyo

I bet you haters thought I would never blow

Now I'm doing what bosses do

Calling out shots from the vip and all the chicks wanna
roll with me

Cause they know

[Bridge & hook: tyrese]

[Verse 3: ludacris]

I wake up in excellence

Good lawd! this the new testament

There's one life to live for dead presidents

So being frank don't insult my intelligence

Get it? meaning money, I'mma get it!

You love it don't ever own it, you rent it, you just a
tenant

Forget it, I'm in the guinness like dennis, I'm just a
menace

To society, luda will pop eyes for the spinach

Yeah, I'm on that lyrical tip

Plus the coupe's all-white, it's a miracle whip

Then I'm in between the sheets, say I'm flipping the
script

With two bad foreign woman: dual citizenship

'Rese!
