Yeah, heh, all these years I've wanting you in my life
And now I finally have you
I'm a do everything in my strength to keep you near
I care about you, I just want to make you smile, lets go

All the many days you were on my mind
Visions of me with you, all the time
You wasn't looking for a man, you made it clear
(Clear to me)
And now I'm ever so glad that I have you near

Here in my life, just you and I
We can do whatever we want to
I'm living my life with you by my side
Oh one day, I'm a make you my wife, baby

I was excited, 'cause I was falling, falling in love with
you
Now that I've fallen, what am I gonna do?
I was excited, 'cause I was falling, falling in love with
you
Now that I've fallen, what am I gonna do?

Do whatever puts a smile on my baby's face
Girl you're my best friend and you can never be
replaced
There's nothing in this world, I wouldn't do
(Do for you)
You were one of my baby dreams and I'm so glad that
it came true

Here in my life, just you and I
We can go anywhere we want to baby
I'm living my life with you by my side
Oh, one day I'm a make you my wife, yes I am

I was excited, 'cause I was falling, falling in love with
you
(Oh, falling in love with you)
Now that I've fallen, what am I gonna do?
(Oh, I've gone beside by myself)
I was excited, 'cause I was falling, falling in love with

you
(And it feels so good to me baby)
Now that I've fallen, what am I gonna do?

Since I gave you all my trust
(And you never take my trust for granted)
And you given so much love
(Oh, you've given me so much love, baby)
You're everything I want and need
(You're everything that I want and I need, baby)
Girl you got the best of me
(Oh, you got the best of me)

Break it down, oh oh oh I was falling in love
I don't know what to do, I just love you
Every inch of my body, falling in love
We'll just take it one day at a time

I was excited, 'cause I was falling, falling in love with
you
(Oh, I don't wanna rush into romance)
Now that I've fallen, what am I gonna do?
(Oh, I just want you in my arms, baby)
I was excited, 'cause I was falling, falling in love with
you
(When I see you, I wanna touch you)
Now that I've fallen, what am I gonna do?
(And feel you, and hold you babe, baby, baby)

I was excited
(Oh, it feels so good, to be in love)
Now that I've fallen
(To get loved in return, oh)
I was excited, 'cause I was falling, falling in love with
you
(Cause it feels good, oh 'cause it feels good)
Now that I've fallen, what am I gonna do?

(Oh)
I was excited, cause I was falling, falling in love with
you
(Said it feels so good having your arms around)
Now that I've fallen, what am I gonna do
(Feeling so complete baby, that's what I feel)
