"Stall Your Dreams"

Visit "[Stall Your Dreams](#)" on MotoLyrics.com

cause all of my plans changed
when i called it off.
what would you tell me if i called it off.
and how would you go on if i called it off.
i cant understand why you wont let go.
cause i don't wanna stall your dreams
and make it happen.
i just wanna live my life and turn away.
i fought you for so long but it made you strong.
i never believed i could do you wrong.
i'm thinking of you now.
and now I'm gone.
i cant understand why you wont let go.
i just wanna live my life
let me make you happy because
I think of you and
the reasons why this didn't work
