What I see with my eyes  
A crimson light that strokes my body  
I feel the king of my world  
All is mine my warriors screaming my name

I'm the queen of my empire  
All my words are law  
Reflecting my face on their shields  
But suddenly the dark...

A blue light shines near me  
The mirror twists my face

Tears are running down my sad face  
So I wonder where my world is gone now  
Fears are running down my sad soul  
So I wonder where my world is gone now  
I faint into this force

I wake up too far from the light and my terror brings  
me  
That place where I've been before, it was created by  
my twisted mind  
I realize I don't own anything of my world, a cruel joke

What I've seen with my eyes  
It completely turns to sand and now  
What I want from you is silence  
So this stone will be the one to remain

I wonder where my world is gone  
I faint into this force

Rise, beyond the sky, and sit to arise the deeps in my  
mind  
Rise, beyond the sky, and sit to arise the deeps in my  
mind, I burn my  
Crying, scream to the eyes that look at my row, we're  
dying everyday in this war

I wake up too far from the light and my terror brings

me  
I'm the warrior in a battle of another world  
I realize that my name is on their mouth,  
On you  
I know that I'm the queen and king of my world

Now I wonder and ask the reasons why  
Do I have to leave my armour on my path and this is  
me.
