I've seen my grey sad funeral
In a thousand dreams
Sobbing puppets with the same long faces
Of my beloved
And pain becomes reality

Now night descends once again
and drowns me in this dream
Just the same light
and rain's falling down on my grave

I've seen my funeral...
Black tears torn open
In a thousand dreams...
The features of my beloved

Now night descends once again
and drowns me in this dream
Just the same light
and rain's falling down on my grave

The pain becomes reality...
Black tears torn open
Your morbid desire...
I know who you are my dark side
Dyin' in me
Bleed tears for me.

Leave the ones you left behind
Open, open up my mind
I see the pain straight in your eyes
Aberrant desire just deep inside
You're only worried for your life
Open, open up my mind
I see your pain like rain outside
My burning flame now fades away

Sad voices are calling
How bitter this morning
While the rain comes falling down
And my life flows to the ground

Wasn't there a dream (last night)
Like a fall never ending
Still water runs clear through my mind

Your pain becomes reality...
Black tears torn open
You're only worried for your life...
My dark side inflicts his Black Ensign
