I want to push my life so strong  
But now I am so tired  
I wanna cry and fight at the same time  
I wanna win and loosen my grip  
But what do I really want?  
I would like to do the whole  
I decide to do.

I live between deceits and echoes of my faith  
I want to disappoint no one with my escape

You have always to be in strain with all  
To never crumble down in my pain  
Without ever saying "I can't"  
I wanna cry and fight at the same time

I am only a child that poses as a warrior  
And the armour again has overwhelmed me

I have always to be in strain  
With all and everyone without  
Give me a rest or respite  
To never crumble down

I can't see my way in  
This labyrinthic game of  
Opposite forces but I  
Have always to be in strain with  
Myself, my friends, the ones who trust in me but  
All I can now is wriggle  
And I live between deceits now

I can't breath, I can't stand up, no one will pick up me  
'cause they know I'm too proud and I want to scrape  
through by myself now  
I can't breath, I can't stand up, no one will pick up me  
'cause they know I'm too proud and I want to scrape  
through by myself now

I am only a child that poses as a warrior  
And the armour again has overwhelmed me

I live between deceits and echoes of my faith  
I want to disappoint no one with my escape

You have always to be in strain with all  
To never crumble down in my pain  
Without ever saying "I can't"  
Without the bitter words "I cannot"
