Sorrow mourns his wicked answers
Sinners pray for endless evenings
While the fire cries his ghosts
I hide myself into my endings
Faith forsake my restless limbs and
Terror dances on my wet thoughts
Foolish options make my own life
I'll belong to these new seasons

Faith
Hate
Love
Dishonour
I'll be for those who'll hear me
Bliss
Suspicion
Pain
The honour
It's cold, dark, strange, here
Greed
Lies
Fear
Prejudice
I'm wrong with all this weeping of feelings
Grudge
Mistrust
Blame
Redemption

In the scars of mind
you're searching for
a safer hide
a glimpse of freedom
Trapped mind
among these fires
keep your hide
you might be scared now

Care of them, I'm here, can't you see me?
Safe I'll be from secrets of sinners

Grudge of life

they blame your hide
this rising tide
will have their ashes
Sins of rage
will carve your age
now burn your cage
and find your freedom

Care of them, I'm here, can't you see me?
Safe I'll be from secrets of sinners

Care of them, I'm here, to live
safe I'll be I'm here to live

I see scars of stolen beauty
I see memories of their past life
faith forsakes their empty prayers
torn and twisted trees in anguish
I see stolen souls of babies
I hear whines from far dimensions
While the fire cries his ghosts
I hide myself into my endings

Faith
Hate
Love
Dishonour
I'll be for those who'll hear me
Bliss
Suspicion
Pain
The honour
It's cold, dark, strange, here
Greed
Lies
Fear
Prejudice

and find your freedom

Care of them, I'm here, can't you see me?
Safe I'll be from secrets of sinners

Care of them, I'm here, to live
Safe I'll be I'm here to live

I've seen scars of stolen beauty
I've seen memories of their past life
faith forsakes their empty prayers
torn and twisted my mind in evil
Unexpected final ending
In the darkest time of my mind
I wake up from this descending
I find again myself a few steps from...
