Are you ready  
u u u u-kiss and  
brave sound brave sound

Spin spin spin spin. Spin spin spin spin  
Spin spin spin spin. Spin spin spin spin

It was all words said out of anger  
Even though I regret now, I was crazy, girl  
I never thought you and I would have such a day  
I wanna see you girl, come back, please

Now that you have left me, only you are living well  
What kind of situation is this, Im really exhausted  
Not even a phone call from you  
Youre. So. Mean.  
My head is spinning spinning

Dont leave me  
I definitely need you  
I just want you baby here right now now now  
I love you

Spin spin spin spin (Around you) spin spin spin spin  
Spin spin spin spin (Today, too) spin spin spin spin

Im spinning all around you  
Only you can make me satisfied. You make me tingle tingle.  
You are my lifes bingo. To throw everything away for you, Im eager.  
Because I lost you, youre the girl in the mirror

Tick tock tick tock tick tock tick tock, time passes by  
Oh your heart which I cannot understand at all  
Smile smile smile smile, the smiling you  
Where did you go I cannot find you girl

Now that you have left me, only you are living well

What kind of situation is this, Im really exhausted  
Not even a phone call from you  
Youre. So. Mean.  
What did you do last night, oh oh

Dont leave me  
I definitely need you  
I just want you baby here right now now now  
I love you

Spin spin spin spin (Around you) spin spin spin spin  
Spin spin spin spin (Today, too) spin spin spin spin

Until now, I still love you  
Only you know me this well  
Indispensable girl, you are the only one  
Please dont leave me

Spin spin spin spin (Around you) spin spin spin spin  
Spin spin spin spin (Today, too) spin spin spin spin

All around you, today too
