"Twenty Thousand Leagues"

Floating over
High up above
So far, so good
Twenty thousand
Leagues down below
So far, so good

Day by day, calling out
Calling out to you
Day by day, calling out
Calling out to you

Day by day, calling out
Calling out to you
Day by day, calling out
Calling out to you

Watching over
Dropped from above
So far, so good
Falling under
Deep down below
So far, so good

Day by day, calling out
Calling out to you
Day by day, calling out
Calling out to you

Day by day, calling out
Calling out to you
Day by day, calling out
Calling out to you
