We're gonna set sail through the ocean
We're gonna go drift through the sea
Until the stars come out and shine down on your
dreams
This could be something amazing
A message we sent through the breeze
I come to you on my knees darling please
Let me breathe you in

I wanna get higher
I wanna breathe fire
I wanna be free to reach up and touch the sky
I wanna keep countin'
I wanna move mountains
I wanna see Saturday night brought back to life

You suddenly shine like a diamond
You're suddenly bright as the sun
Open your arms out wide to include everyone
The sound of the birds of the morning
The sound of the wind through trees
I come to you on my knees darling please

Let me breath you in

I wanna get higher
I wanna breathe fire
I wanna be free to reach up and touch the sky
I wanna keep countin'
I wanna move mountains
I wanna see Saturday night brought back to life

Brought back to life

I wanna get higher
I wanna breathe fire
I wanna be free to reach up and touch the sky
I wanna keep countin'
I wanna move mountains
I wanna see Saturday night brought back to life

I wanna get higher
I wanna breathe fire
I wanna be free to reach up and touch the sky
I wanna keep countin'
I wanna move mountains
I wanna see Saturday night brought back to life
