You are to me  
What poetry tries to say with a word  
You are a song  
All the music my heart ever heard

I can't escape  
The air that I breathe even speaks of you  
And I'm not ashamed to say  
That I feel this way

I will stand before God  
Give you all that I've got  
I can promise you I'll be true  
I reveal here and now  
As we both take this vow  
I am so in love, with, with you  
(So in love, ooh, hoo)

Words can't express  
What I confess with each beat of my heart  
I'm overwhelmed  
With a passionate affair from the start, oh

Our love will grow  
As the years come and go, I will be by your side, oh,  
yes, I will  
There isn't anything  
That I would deny

I will stand before God  
Give you all that I've got  
I can promise you I'll be true  
I reveal here and now  
As we both take this vow  
I am so in love, I am so in love with you

I promise to honor and cherish you  
For better or for worse  
I'll be there for you  
For richer or for poorer

In sickness and in health

Till death do us part  
(And I will)  
From this day on and forever

I will stand before God  
(I will)  
Give you all that I've got  
I can promise you I'll be true  
(I will promise you)  
I reveal here and now  
As we both take this vow  
I am so in love, I am so in love  
(I am so in love)

I am so in love with you  
(Ooh, ooh)  
I am so in love  
(With you)
