Old piece of shit think you know what's best for me  
Just cause your the root of my family tree  
Growing up is my biggest fear  
Stop reminding me that my future is near

I can't picture myself as an adult  
Is that even really my fuckin fault  
Set rules for me to live by when I just wanna be left  
alone  
I'm not gonna grow up to be your fuckin clone

Dad give your voice a fuckin break  
Telling me all this shit is a really big mistake  
Ask me a thousand questions soon as you walk through  
my door  
Shut the fuck up don't wanna hear them anymore

Stop asking me to follow your foot steps  
And stop asking me to be like all the rest
