Wake up sick and tired  
Came in late so I probably get fired  
I think you're a creep  
I'm not stealing your food I just lost my receipt

I hate work I'm looked down on like a jerk  
I hate work I'm looked down on like a jerk

Shitty job working man  
That's the kinda life I don't wanna understand  
Shitty job working man  
That's the kinda life I don't wanna understand

Work a lot, get paid shit  
That is why I wanna quit  
Work a lot, get paid shit  
That is why I wanna quit

I hate my fuckin job

Shitty job working man  
That's the kinda life I don't wanna understand  
Shitty job working man  
That's the kinda life I don't wanna understand

Work a lot, get paid shit  
That is why I wanna quit  
Work a lot, get paid shit  
That is why I wanna quit

Wake up sick and tired  
Came in late so I probably get fired  
I think you're a creep  
I'm not stealing your food I just lost my receipt
