Why is the rim of your hat bent?

It's cause I sleep at school were all my fuckin time is spent

I'm knocked out cold your qalarms won't make a dent

Teacher says I broke the rules to the office I got sent

Spend your taxes on my classes

Were kids just sit on there asses

Fuck you bitch I'll never pass this

[X2]

Kids with a future mix paint and put it on the walls

Kids without a future sniff paint inside the bathroom stalls
