If you twist and turn away  
If you tear yourself in two again  
If I could, you know I would  
If I could, I would let it go

Surrender, dislocate

If I could throw this lifeless lifeline to the wind  
Leave this heart of clay, see you break, break away  
Into the night, through the rain  
To the half-light, through the flame

If I could, through myself, set your spirit free  
I'd lead your heart away, see you break, break away  
Into the light, through the day

So let it go and so to fade away  
To let it go and so fade away

Wide awake, I'm wide awake  
I'm not sleeping, oh no, no, no  
I'm not sleeping

If we should ask, well, maybe they'd  
Tell me what I should say  
True colors fly in blue and black  
Bruised silken sky and burning flak  
Colors crash, collide in blood shot eyes

If I could, you know I would  
If I could I would let it go

This desperation, separation  
Condemnation, revelation in temptation

Isolation, desolation  
Isolation

Let it go and so fade away  
To let it go and so fade, fade, fade away

Not fade away, fade, fade

Not fade away  
No, no, no, not fade away

Wide awake, I'm wide awake, yeah  
Wide awake, I'm wide awake  
Wide awake, oh

I'm not sleeping, oh no, no, no  
I'm not sleeping, oh no

Come on down  
Come on down  
Come on down  
[Incomprehensible]

Come on down
