16th of June 9:05, door bell rings, man at the door says
if I want to stay alive a bit longer, there's three things I
need you to know...three! Coming from a long line of
traveling sales people on my mother's side, I wasn't
gonna buy just anyone's cockatoo, so why would I invite
a complete stranger into my home?...would you? These
days are better than that, these days are better than
that...

Every day I,
die again and again and reborn
Every day I,
have to find the courage
to walk down
into the street,
with arms out
gotta' love you can't defeat
neither down or out
there's nothing you have that I need,
I can breath
Breathe now

16th of June Chinese stocks are goin' up and I'm comin'
down with some new asian virus
ju ju man, ju ju man
doc says you're fine or dyin'
please
909 st john divine.
On the line
My pulse is fine

but I'm running down the road like loose electricity as
the band in my head is playing a striptease...
The war that lies on the other side of silence,
the forest fire that is fierce and denying
walk out into the street
sing your heart out
The plead for we meet
will not be drowned out
there's nothing you have that I need
please
breathe

now

will people go when the sound
if sun is in our eyes or wear them like a crown
oh, walk out into the summer street
sing your heart out
sing my heart out
I found a place inside a sound
I found grace and its all I've got
And I can breathe
out sing my out I found a place inside a sound I found
grace nd its all I've got and I can breathe, breath er
her?
