Heaven...heaven  
You want heaven  
Heaven in your heart

Heaven...heaven  
You want heaven  
Heaven in your heart

Heaven in your heart

Heaven...heaven  
You want heaven  
The sun, the moon, and the stars

Heaven...heaven...heaven...

Slave to the wet nurse  
Never give her hers  
Slave to the creature  
The great teacher  
Slave to the now  
Slave to sound  
Slave to the homes  
Say baby home bottom

Slave to time  
Slave to dime  
Slave to chocolate  
Slave to the apocalypse  
Slave to talking  
Slave to bow  
Slave to the one  
And a make at home gun

Slave with religion  
Slave with recession  
Slave to get out  
Or go fishing  
Slave to the brother  
Slave to the wife  
Slave to the Polish

And the polacks

Slave to heather  
I'll slave to honey  
Slave to the things  
You can't buy with money  
Slave to truth  
Slave to tooth  
Slave to the ground  
On your sweet youth

Slave to momentum  
Moving on a fake talk  
Eat your bitter  
Like it on momento  
Slave to sugar  
Slave to sweetness  
Slave to...  
Incompleteness

Slave to the suck and  
Flow of the tide  
Slave to the mouth  
Open wide  
Slave to coke  
I slave to cola  
Slave to the heavy burden  
Tree cola

Slave to religion  
I'll slave to Rome  
Slave to the daughter  
Returning home  
Slave to Friday  
Slave to Sunday  
Slave to swallow  
All of Monday

Slave to the back  
To welcome in the bones  
Slave to the whispers  
And moans  
Slave to the rhythm  
Losing control  
Slave to wine  
Wanting it all...

Big...big black  
Big...big black  
Hole  
Big...big black

Hole  
Big...big black  
Hole

Big black  
Big black  
Hole  
Big black  
Hole  
Big black  
Hole, God, big hole  
Big black  
Hole, hey, big hole  
Big black  
Big black  
Hole  
Big.
