I Gave My 7 To You

You said jump, I asked how high
You made the rules, that we live by
And now I find, I made a Frankenstein
I spoiled you rotten, night and day
I always let you get your way
I did the crime, now I'm doing time

Baby, for showing you I care
I'm tearing out my hair
Baby, you never do your share
You know it isn't fair

(Chorus)

I gave my 7 to you
Doing everything you wanted to
I bought you sushi and yogurt too
You bought a ringer
Just to pull me through
'Cause you know that's it's true
I gave my 7 to you

Every time that we're alone
You sit there talkin' on the phone
It never ends
Now I hate your friends
Every time I tell you no
You're quick to tell me where to go
I'd leave it all
If I had your balls

Baby, I let you wear the pants
You wore off the romance
Baby, you never miss a chance
To tell me I can't dance

I gave my 7 to you
Doing everything you wanted to
I bought you Prada and Old Navy too
You never wear 'em

Now I'm feeling blue
Girl, you know that it's true
I gave my 7 to you

Baby, it's true
There'll never ever ever
Ever never be another one like you

I gave my 7 to you
Doing everything you wanted to
I bought you Britney and Limp Bizkit too
You sold them back
For money that I blew Girl, you know that it's true I gave
my 7 to you
