What the fear calls down  
Stops the car  
Says it feels like freedom  
She's back on the street  
But it swings so far away

She feels the ground is giving way  
But she thinks we're better off that way  
The more you take the less you feel  
The less you know the more you believe  
The more you have, the more it takes today

You got to give it away  
(You got to give it away)  
You got to give it away  
(You got to give it away)  
You got to give it away  
(You got to give it away)  
Well, she don't care what it's worth  
She's living like it's the last night on earth  
The last night on earth

She's not waiting on a savior to come  
Her eyes are closing  
She's at the bus stop with  
The News Of The World and the Sun  
Sun, here it comes  
She's not waiting for anyone

You got to give it away  
(You got to give it away)  
You got to give it away  
(You got to give it away)  
You got to give it away  
(You got to give it away)  
Well, she don't care what it's worth  
She's living like it's the last night on earth  
The last night on earth

Clock tells her that time is slipping  
(Slipping away)  
Tear drop sunshine

(Slip slide)  
Two sides to one feels missing  
(Too heavy)  
Something she might be missing  
(Slipping away)  
World turns and we get dizzy  
(The world turns)  
Spinning for you  
(And we get dizzy)  
The way it's spinning for me  
(Slipping away)

She's living, living next week now  
You know she's going to pay it back somehow  
She hasn't been to bed in a week  
She'll be dead soon, then she'll sleep

You got to give it away  
(You got to give it away)  
You got to give it away  
(You got to give it away)  
You got to give it away  
She already knows it hurts  
She's living like it's the last night on earth  
The last night on earth  
Last night on earth  
Last night  
Last night
